

Announcement of King Mongkut's University of Technology North Bangkok  
On Guidelines for the Working Practices of the University Staff during the Semester 2/2020

---

As the recurring of wider spread of coronavirus 2019 (COVID-19) has been reported in many areas of the country, it is important to ensure that the working practices of the university staff during the semester 2/2020 comply with the Announcement of the Ministry of Higher Education, Science, Research and Innovation on the Precautionary Measures against the Spread of Coronavirus 2019. (Announcement No.8)

By virtue of Section 31 (3) of King Mongkut's University of Technology North Bangkok's Act B.E. 2550, the university deems it appropriate to specify the guidelines on working practices for the university staff during the semester 2/2020 as follows:

1. The Vice President in charge or section head shall consider assigning personnel to work at the office in alteration with working from home as convenience depending on the work characteristics, and the continuity of the office's operation has to be maintained. This practise shall be implemented from 30 December 2020 - 15 January 2021 or until the newly issued announcement specifies otherwise. The supervising Vice President and section head shall be in charge of monitoring and following up the working performance of the university staff.
2. The arrangement of activities both inside and outside the university that will result in mass gathering should be avoided. If it is necessary to arrange such activities that require the attendance of a large group of people, the online platform is advised to be used.
3. The usage of laboratories in the university has to comply with the Announcement of King Mongkut's University of Technology North Bangkok on Guidelines for the Laboratories's Usage during the spread of coronavirus 2029 (COVID-19), announced on 17 June 2020.

4. The university staff shall strictly observe the protective measures against the spread of coronavirus 2019 (COVID-19) as prescribed by the Ministry of Public Health, as well as avoid travelling to or engaging any activities in the crowded and high risk areas and comply with social distancing measures.

Announced on 28 December 2020

(Prof. Dr.-Ing. habil. Suchart Siengchin)  
President
