

**Announcement of King Mongkut's University of Technology North Bangkok
On Guidelines for Education Arrangement during the Monitoring and Preventing Period
of Coronavirus Diseases 2019 (COVID-19)**

In compliance with the Announcement of Ministry of Higher Education, Science, Research and Innovation (MHESI) on Protective Measures against the Spread of Coronavirus Disease 2019 (COVID-19) and the KMUTNB's Announcement On Monitoring Measures of COVID-19 during the number of infectants and the spread have reached the critical point (In Thailand) (Announcement No. 2) dated 13 March 2020. The university deems it appropriate to lay down following guidelines for the education arrangement during the monitoring period of the spread of coronavirus.

1. Faculties can give classes only through online platform, and the university has already prepared supports for the arranging of online education and appointed the Consultant Committee. Also, the faculties have to adjust the effective means of examination and evaluation to replace the prior means.

2. For the summer session of the academic year 2019, the university permits students to enroll in accordance with the usual criteria of the summer session's enrollment. But all courses must be offered through online platform. (Except an internship, cooperative education or equivalent courses)

3. Regarding an internship, cooperative education or other equivalent courses of the academic year 2019, the academic division shall coordinate with external organizations involved to evaluate the student's risks of coronavirus infection.

3.1 Provided that risks are not found, the students can do an internship and take cooperative education as usual.

3.2 In case that risks are found, the more appropriate activities shall be arranged to replace, and an internship or cooperative education will be adjusted to assignment, homework or online meeting etc.

3.3 The students are allowed to postpone their internship or cooperative education to the summer session of the next academic year.

3.4 For those students who enroll special project, thesis, dissertation, special problem or other equivalent courses, the academic division shall request cooperation from advisors to consider adjusting the means of teaching in those courses, so the courses can be proceeded through online platform. Supposing the students find it necessary to come in the campus, they need to request permission from the advisor, head of department or assigned authority, and they must follow the KMUTNB's Announcement On Monitoring Measures of COVID-19 during the number of infectants and the spread have reached the critical point (Thailand) (Announcement No. 2) dated 13 March 2020, in order to prevent the risks of students, staff or other people involved.

However, the executive committees involved in the operation of the university will coordinate in the modification of rules, regulations, announcements and principles to conform to the current situation and to maintain the effectiveness to the university's education arrangement.

Please be informed and follow this announcement strictly.

Announced on 18 March 2020

KMUTNB
(Prof. Dr.-Ing. habil. Suchart Siengchin)
President
